**VISIT REPORT :**

Very nicely decorated and furnished. Very clean, new house. Not a large house, but nicely laid out. Bunk bed is standard in bedroom, single bed is moved in as needed. Bathrooms shared with family. Lives with her daughter who allowed students to use her room previously, but due to damage, mess, and disrespect she is not willing to do this again so the maximum for Magda is 3 students. Magda has both a dog and a cat. Magda enjoys social activities with friends and time with her daughter
